## CARE OF CANDLES

### Candle Care

- 1 Turn on for **1 hour** per inch of diameter.
- 2 Blow out the Candle with a Candle Snuffer and trim the wick each time you light it with a **Trimmer**.
- 3 Allow the wax on the **surface to liquefy**.
- 4 Avoid lightning Candles near drats of flammable ornaments.
- 5 When **1/4" of the wax** is left at the bottom of the Candle, the Candle has run out.

## 5 REASONS to light a Candle

- 1 **Relax** your mind.
- 2 **Clean** the environment.
- 3 Help achieve **concentration**.
- 4 Provide **protection**.
- 5 Create special **atmospheres**.

## MATERIALS

- 1 **Soy** as its main ingredient.
- 2 **Templated** glass.
- 3 100% Post consumer **recycling** cardboard.
- 4 **Cotton** wick.

## CANDLE DURATION
